

Everything you need to check us out, before you commit anything.

Your properties and customers are serious business assets. You should be able to verify us, not just believe us. Here's the full picture.

WHO WE ARE

AtomAfrica is a Nigerian infrastructure company. We build the internet and mobile banking that financial institutions run on, and the ownership networks that property companies run on.

Legal entity: A product of Startx Payments Limited · RC 1905551

Office: SW8/47, 5C Ajeigbe St, MKO Abiola Way, Ibadan 200273, Oyo State

Founded: 2022 · **Web:** atomafrica.tech

WHAT WE'VE ALREADY BUILT

Our banking technology is live in three Nigerian microfinance banks. We are not new, we already handle real financial operations for regulated institutions.

YOUR NETWORK, ISOLATED BY DESIGN

Your properties. Your customers. Your brand. Your network.

Each AtomOwn network runs independently. Customer and property records stay inside your network. They are never automatically shared with other developers or with NairaPacket.

YOUR DATA. STRAIGHT ANSWERS.

Do you own any of our properties?	No. Never.
Do you own our customer relationships?	Yours.
Can you contact or market to our customers?	No.
Can other developers see our data?	No.
Does joining AtomOwn mean joining NairaPacket?	No.
If we leave, what happens to our data?	Yours. Exported.
Can we start with one estate?	Yes.
Can we start with new customers only?	Yes.
Can we add existing customers later?	Yes.
Who makes the lending decision under AtomCredit?	The bank.

WHAT IT COSTS

₦0 setup & monthly (first 10 networks)	1.5% on transactions through your network	10% only when NairaPacket sells for you
---	--	--

Payment processing charged separately where applicable.

HOW WE ONBOARD YOU

We start small on purpose: one estate, new customers, real transactions. You expand only when you're satisfied.
